B4RN®

B4RN in Warcop

- Your area could be next to be connected to B4RN's professionally designed and built broadband network.

- Customers in Mallerstang already enjoy B4RN thanks to the vital help of volunteers.

- We need people to **sign up** (see below) and help secure government gigabit voucher funding.

Come Along and Find Out More about B4RN at a **Public Meeting**:
Tuesday 9th August at 7pm
Warcop Parish Hall

Why B4RN?

It's fast…
B4RN's gigabit connection is **20x** faster than the average download speed in rural England[1].

It's added value...
Universities[2] and government[3] suggest good broadband adds value to your home.

It's good value…
B4RN costs just £33/month for households and businesses run from home.

It's reliable…
No more drop outs on video calls. No more buffering. Great for gaming.

It's Community-led…
B4RN is not driven by profit. We give free service to schools, places of worship and village halls.

It's full fibre...
Not just to the cabinet but all the way to your home.

Where do I sign up?

Introducing Connect⁺

B4RN®

- Stuck in a contract with your existing broadband provider? No problem.

- Connect⁺ is a new way for people to get connected to B4RN's gigabit full fibre broadband without having to wait for their existing provider's deal to end.

- If your existing contract has 12 months or less to run, you can get B4RN service for only a £5 monthly service charge until your other deal runs out.

- Once your existing provider's contract ends, you'll move on to your applicable B4RN tariff.

- **Important:** You only need to apply for Connect⁺ as you near your connection date.

- Full details and how to apply at: **b4rn.org.uk/connectplus**
